The Veteran’s Administration (VA) On-Line Library

- During rotation at the VA, residents can access the library resource page on the intranet while at the VA Pacific Islands Health Care System. 

- The librarian Richard Cacciato can assist you with literature searches and obtaining articles to which we do not have full text available through Document Delivery and assist you with any library related questions you may have. He can be reached at Richard.Cacciato@va.gov

- Residents can sign up for access to these resources when away from VA computers by signing up for Athens. To do this, residents need to submit a request from a VA computer, found on the VA library website [http://vaww.hawaii.va.gov/Edu_library.html](http://vaww.hawaii.va.gov/Edu_library.html).

  Athens is the first item on the list of resources. Go to the Athens site and complete the information (takes 3-4 minutes); Athens will send directions on how to login and have access to the library’s resources while you are away from the VA worksite.
