Title: Director of Medical Student Education, Assistant/Associate Professor

Institution: Department of Psychiatry at the Hofstra North Shore-LIJ School of Medicine and The Zucker Hillside Hospital

Application due: Open until filled

Type: Full-time

Duties: The incumbent will serve as an Assistant or Associate Professor in the Department of Psychiatry and as Director of Medical Student Education. Responsibilities will include directing three key programs:

1. The initial exposure to clinical psychiatry for second year students, Initial Clinical Experience (ICE).
2. The clerkship for third year students, Advanced Clinical Experiences (ACE).
3. Acting internships and electives for fourth year students.

In addition the incumbent will serve as the department lead on curriculum development and implementation for the School of Medicine’s interdisciplinary second year course, The Human Condition. Ideally, the incumbent will have an active area of research/scholarship related to medical education.

Depending on the incumbent’s interest, additional roles may include Assistant/Associate Director of Residency Training, research, and/or clinical care in an area of interest. The overall distribution of effort will be designed according to the applicant’s interests.
