Hallmark Health System is dedicated to patient recovery and family support through sophisticated care services built on a simple philosophy of trying to help those who suffer with mental illness through intelligent, respectful, empowering and compassionate collaboration. We are proud to offer a care continuum that encompasses nearly all aspects of inpatient and outpatient care services. Behavioral Health services at Hallmark Health are recognized for innovative and best practices by accrediting agencies.

**Physician opportunities:** Adult Inpatient (Melrose), Geriatric Inpatient (Medford), Adult Outpatient (Medford & Malden) and Weekend Moonlighters
