   • Chancellor- Noreen (Reports attached)
     o Integrated Planning Process
        Chancellor received CERC report recommendations and responded to CERC on how to deal with those recommendations.
        CERC report stated not everything was completed in the last academic year.
        There are 3 things that they will be doing in the coming months.
o Annual Review and Budget Process
The Annual Budget and Action Plan Report is a compilation of all discussion based on program and unit reviews that were completed by the depts. Priorities were determined first by the Division Chairs, then the respective Administrator for their depts. and units. All the Administrators met to organize these requests and it is categorized with headings based on strategic outcomes. The report shows what the programs asked for and what their needs are. Items are not in priority order.

o HawCC Strategic Directions 2015-2021
The current plan is ending and the new plan is called HawCC Strategic Directions 2015-2021. The Administrators and College Council Chair, Grace Funai and Vice Chair, Tiana Hirota met to create a draft plan for Hawaii CC based on the UH Strategic Directions, the UHCC Strategic Directions and John Morton’s presentation that he gave in the spring.

The working draft can now be shared with the college to get input to revise the report and have it approved before the Chancellor leaves.

Debbie Nakagawa from John Morton’s office provided us the link to the UHCC Strategic Directions on-line. The URL is in the Chancellor’s report.

o HawCC-Hawai’i Papa O Ke Ao
The UH System has developed a group to focus on Native Hawaiian leadership and development programs. The group reports to David Lassner. Hawaii CC’s representative is Taupouri Tangaro.

o ACCJC
Midterm report to ACCJC is due in October and has to be reviewed before that time. We also received notification of additional audits.

o Komohana long Range Development Plan (LRDP)
The LRDP has been suspended for now. John Morton has to work with the BOR to determine whether or not they will be open to approve the plan. The BOR does not want to spend any more money to pay for additional costs for modifications to the plan.

o 75th Anniversary Celebration AY 2015-2016
We have a new 75th Anniversary logo on bags and name tags. Folders are coming and Joni may be ordering shirts.

Vice Chancellor for Academic Affairs- Joni (Report attached)
- Academic Support Representative will be Mitchell Okuma.
- Academic Master Plan is posted on the web under Institutional Effectiveness.
- UHCC Student Success Committee would like to emphasize focus on Graduation Initiative, which is part of the UH Strategic Plan. Developmental Education will now be done as a system since previous results for campuses were low.
  Whatever model and curriculum that is developed by the task force will be adopted. This has to be done as part of the strategic direction and is not negotiable. From there we can assess how well our students are doing from the past.
  New model incorporates wrap around services which includes tutoring and coaching. If your faculty/staff are interested in professional development, let Joni know.
  John Morton would like the developmental education program changes to be implemented by Fall 2016. It will have a huge impact on the college such as services to students and pre-requisites for degrees.
- Committees
  The Recruitment and Retention Committee will be change to the Student Success Committee. Chris Manaseri has agreed to be the Administrator to lead the group.

The Sustainability committee was not established previously. Joni will convene a meeting for those who are interested and ask the committee to prepare a charter for presentation to the Committee on Committees.

Vice Chancellor for Administrative Affairs- Jim (Report attached)
- See report for updates of projects on campus.
- One major change to the process this year is that in prior years the legislature had allocated a specific amount of money for the community colleges. This year the University received a one lump sum of $44 million. Out of the $44 million, UH Manoa received $20 million to renovate Snyder Hall, UHH received about $6-8 million, West Oahu about $2-4 million, and the community colleges about $10-12 million.
Unlike before where the seven community colleges could decide how to divide the money, this year every community college campus was awarded one project. Hawaii CC’s project is to upgrade the electrical infrastructure on campus—estimated cost $850,000.

In-progress projects, may use carry over funds.

The process will start this fall, have interviews in the spring and the person can start next fall. John Morton will decide on an interim Chancellor and this person would not be a candidate for the permanent Chancellor’s position. Per John Morton’s request, campus search dialogue has been postponed. We are waiting for John Morton’s office to tell us how to proceed.
