

College Council Meeting
VCAA Report
Friday, April 8, 2016

1. Personnel
 - No new hires since last report
2. Budget
 - Budget is very tight. Everyone is working very hard to conserve as much as possible.
3. Developmental Education Reform
 - Math and English faculty have completed the remodeling of course pathways. With the lateness of new courses coming out of Academic Senate, it will not be possible to have them posted for Monday's early registration. We are asking everyone's patience with this. It will be done as soon as possible. A message will be sent to the campus community including students.
6. Hawaii Strategies Institute
 - HIS was well attended and very successful. Thank you to the many HawCC folks who were presenters!

Upcoming Events

- April 30 Lecturers notified whether he/she remains in good standing and is eligible for assignment to classes
- May 1 CRC Deadline for 2017-2018 Catalog (there will be only one deadline)
