

## **University of Hawai'i Center at West Hawai'i Update**

Much focus in West Hawai'i centers upon the progress of the Palamanui Campus construction project. Staff were excited to visit the site during October. HawCC Administration staff are currently working UH System leadership on final planning for site completion and occupancy.

The Director has convened an Advisory Panel to guide messaging to community as the move onto the Campus approaches. This Panel includes individuals representing Faculty, Student Government, West Hawai'i business, cultural, youth development and media perspectives. Insights and advice from the Panel will be utilized by the Director and HawCC External Relations in planning a strategy to optimize enrollments and outreach upon the Campus opening, expected for Fall 2015.

An article appeared in the West Hawai'i news on October 30th to update the community that the project was progressing on time. See <http://westhawaiiitoday.com/news/local-news/hawaii-community-college-project-track-officials-say>
