Hawai‘i Community College
General Education Course Designation Proposal
Form unanimously approved by the HawCC Academic Senate, October 25, 2013

A. FAMR 230 Human Development
   course alpha course number course title

B. Effective semester & year for entering students (ie, semester & year of implementation)
   Fall 2015

C. General Education Learning Outcome being sought as the Primary Designation. All benchmarks within a GELO must be supported.
   Select 7. Areas of Knowledge - Social Sciences

D. Based on the General Education Learning Outcome selected in C. (Primary Designation), list the specific course objectives and any relevant course learning outcomes that support each of the benchmarks in this GELO.

<table>
<thead>
<tr>
<th>Areas of Knowledge - Social Sciences - Utilize methods, perspectives and content of selected disciplines in the natural sciences, social sciences, and humanities.</th>
<th>Benchmark</th>
<th>Course Learning Outcomes (provide all that support the GELO benchmark)</th>
<th>Course Objectives (may provide supporting explanation as needed, after each one)</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. use the basic terminology of theories, structures or processes in the social sciences</td>
<td>1) Demonstrate an understanding of the various theories of human development and behavior. 2) Describe biological, cognitive, and psychosocial development for each lifespan period.</td>
<td>1) Describe the main features of Behaviorism, Humanistic and Cognitive developmental theories. 2) Apply the level or stage of development—biologically, cognitively, psychosocially, and morally to different age groups and be able to give specific examples of all four from infancy to old age.</td>
<td></td>
</tr>
<tr>
<td>b. demonstrate an application of social science theories, principles or concepts to understanding one's self, family or community.</td>
<td>4) Apply human development theories and concepts to personal, social, educational, and occupational experiences.</td>
<td>3) Use a combination of several social science research methods to investigate similarities and differences in human development across the lifespan. 4) Integrate and apply knowledge and ideas to future careers in the social sciences.</td>
<td></td>
</tr>
<tr>
<td>c. systematically study human behavior using research methods of the social sciences.</td>
<td>3) Investigate the existence of similarities, differences, and uniqueness in human development among individuals and their culture.</td>
<td>3) Use a combination of several social science research methods to investigate similarities and differences in human development across the lifespan.</td>
<td></td>
</tr>
</tbody>
</table>
E. List or describe examples of specific rigorous assignments/activities that are generally required to evaluate student learning for this course. Give the percentage of the course that is dedicated to each benchmark.

Areas of Knowledge - Social Sciences - Utilize methods, perspectives and content of selected disciplines in the natural sciences, social sciences, and humanities.

</tr>
</tbody>
</table>
c. recognize and understand multiple modes of inquiry, including investigative methods based on observation and analysis.

d. evaluate a problem, distinguishing between relevant and irrelevant facts, opinions, assumptions, issues, values, and biases through the use of appropriate evidence.

e. apply problem-solving techniques and skills, including the rules of logic and logical sequence.

f. synthesize information from various sources, drawing appropriate conclusions.

1) Demonstrate an understanding of the various theories of human development and behavior.
2) Describe biological, cognitive, and psychosocial development for each lifespan period.

Students participate in 8-10 class discussions that lead to an understanding of intergenerational family dynamics and needs of families in the community assessed by reflection papers and/or class presentations.

Students will create questions for interviewing three different lifespan groups to determine similarities, differences, and uniqueness in human development among individuals and their culture leading to a review paper of 3-5 pages.

g. reflect upon and evaluate his/her thought processes, value systems, and worldviews in comparison to those of others.

h. demonstrate the ability to combine elements that lead to new expressions and create new products.

A check here, which is required, indicates that all tenured/tenure-track faculty who have taught this course within the past 5 years approved this proposal.

Attachment 7b - 5/7/15
FAMR 230 – Human Development

The Course Outline of Record is verified to be accurate on 4-9-2015

Shyan X. Viernes
Curriculum Records Support Specialist
1. Course description
   FAMR 230 – Human Development

2. Course Description
   Concepts, issues, theories of human growth and development from conception to death. Focus on
   the inter-relational of physical cognitive, and psychosocial development of the individual
   throughout the life span.

3. Number of semester credits
   3

4. Student learning outcomes
   Demonstrate an understanding of the various theories of human development and behavior.
   Describe biological, cognitive, and psychosocial development for each life-span period.
   Investigate the existence of similarities, differences, and uniqueness in human development
   among individuals and their culture.
   Apply human development theories and concepts to personal, social, educational, and
   occupational experiences.

5. Course objectives
   Students will be able to:
   1) Describe the main features of Behaviorism, Humanistic and Cognitive developmental theories.
   2) Apply the level or stage of development—biological, cognitively, psychosocially, and morally to
different age groups and be able to give specific examples of all four from infancy to old age.
   3) Utilize a combination of several social science research methods to investigate similarities and
   differences in human development across the lifespan.
   4) Integrate and apply knowledge and ideas which can be utilized in future careers in the social
   sciences.

6. Instructional methodology
   Lecture

7. Course Topics in outline form
   A. The field of Human Development
      1. Basic Concepts
      2. Influences on Development
   B. Theory and Research
      1. Major Theoretical Perspectives
      2. Research Methods
   C. Prenatal and Birth
      1. Genetics
      2. Nature and Nurture
   D. Infants and Toddlers (0-3 yrs.)
      1. Physical Development
      2. Cognitive Development
      3. Psychosocial Development
   E. Early Childhood (3-6 yrs.)
      1. Physical Development
      2. Cognitive Development
3. Psychosocial Development
   a. Identity/Gender
   b. Moral Development

F. Middle Childhood (6-12 yrs.)
1. Physical Development
2. Cognitive Development
3. Psychosocial Development
   a. Identity/Gender
   b. Moral Development

G. Adolescence (12-19 yrs.)
1. Physical Development
   a. Puberty
2. Cognitive Development
3. Psychosocial Development
   a. Identity/Gender/Sexuality
   b. Moral Development

H. Early Adulthood (20-40 yrs.)
1. Physical Development
2. Cognitive Development
3. Psychosocial Development
4. Health and Well-Being
5. Moral Development

I. Middle Adulthood (40-60 yrs.)
1. Physical Changes
2. Cognitive Changes
3. Psychosocial Changes
4. Ethical Issues

J. Late Adulthood (60-death)
1. Physical Changes
2. Cognitive Changes
3. Psychosocial Changes
4. Spirituality
5. Ethical Issues

K. Death and Dying
1. Stages of Dying
2. Illness
3. End-of-Life Decisions

8. Course prerequisites
   Eng 21 or ESL 21 or placement in Eng 102; and Eng 22 or (ESL 22G and ESL 22W) or placement in Eng 100

9. Course co-requisites
   None

10. Recommended prior coursework
    None
Hawai‘i Community College
Course Articulation Status Within the University of Hawai‘i System

Person completing the form (please print): Trina Nahm-Mijo  
Date form completed: April 6, 2015

Date the UH System Course Transfer Database (http://www.hawaii.edu/transferdatabase/lj) was checked (use link to glossary for definitions of terms): April 6, 2015

Hawai‘i Community College course alpha, number and title: FAMR 230: Human Development

NOTES

form approved by ad hoc GEC, 9-18-13; unanimously approved by Academic Senate, 10-25-13
Hawai‘i Community College
Course Assessment Plan

A complete assessment cycle is comprised of three steps:

i. **Assessment Plan**: develop an assessment plan for course(s) and submit for approval and publication.

ii. **Assessment Report and Action Plan**: after gathering and evaluating the assessment data, complete and submit the Assessment Report and Action Plan with budget requests.

iii. **Improvement Strategies**: the Action Plan’s implementation results are used to complete the assessment cycle by making enhancements to the program, courses, curriculum, or the next assessment.

An assessment cycle’s duration depends upon the assessment strategy and the time needed to implement the resulting action plan and improvement strategy.

---

**NOTE**: A separate planning form must be submitted for each course assessed.

---

1. **Department or Program Name**: Social Sciences
   Depending on the assessment focus, insert the department or program name.

2. **Course Alpha, Number and Title**: FAMR. 230: Human Development

3. **The assessment’s planned start date**: Spring 2015

---

**Approval and Review**

*Route the assessment plan for approval after completing steps 1 through 10.*
