At the last GEC meeting this semester we will look at and hopefully approve for Senate approval Spring Semester 2016:

CHEM 100: Chemistry and Society (NS)
CHEM 100L: Chemistry and Society Lab (NS-Lab)
ENG 255: Short Story and Novel (HUM)
ENG 256: Poetry and Drama (HUM)

Attached are all the GEC forms for the classes that have been approved and what we are looking to approve (62 page document).

The GEC also requests that the committee be renewed for another 2 academic years (2016-2017 & 2017-2018). It is hoped that by the end of academic year 2018 the Foundations Committee will be up and running and GEC will then be able to end its charge.
