

Writing Intensive Curriculum Committee Update to Senate

The Writing Intensive Curriculum Committee approved 4 new courses and 2 renewal proposals last Fall and is now accepting proposals for Writing Intensive (WI) courses for Fall 2018. **The deadline for proposals (new and renewal) is January 29.** *Current WI instructors are asked to check whether their courses have been renewed in the last 5 years. Courses that have not been renewed in the last 5 years (latest renewal before 2012) will not appear on [Active list of courses](#) for Fall 2018 (i.e., the list of courses that can be taught with WI designation).*

Note that the renewal process (for courses that have been taught as WI in the last 5 years) is simple: submit a recent syllabus, schedule, and assignments, along with sections A and C of the proposal form (including DC signature) for the committee to review. Any questions, please contact the WI committee:
