

UHPA Report to Faculty Senate 12 November 2018 Submitted by David Tsugawa, UHPA BOD

1. The UHPA Board of Directors met on 3 November 2018. During the meeting, the BOD decided to send out the “Rate My Admin” survey again this year, with a projected date some time in the Spring 2019 semester. I proposed sending the survey out every three years. In addition to the “Rate My Admin” survey, I proposed sending out a second, qualitative survey titled “What I Wish My Admin Knew” (based on the Wo Learning Champions survey conducted this semester on all UHCC campuses). The premise of the second survey is to improve communication between faculty and administration by providing faculty with the opportunity to give specific feedback in areas which they feel that administration could be doing more to help us better do our jobs.
